

2021-22 EQAO Results for Our Lady of Lourdes CES

Congratulations!
Our students continue to meet the Provincial Standard In 5/6
Primary and Junior EQAO Assessments!!

Our results are in from last year's EQAO results for the Primary and Junior Assessments that were administered last spring. We have much to celebrate and are very excited and proud of our school results on the provincial assessments. Our students have achieved level three or higher in 5/6 areas of the assessment this year!

Teachers and students have worked very hard to achieve the provincial expectation of Level 3 or 4. The strong partnership between staff and families has strengthened our students' academic achievement. Although the assessments take place at the end of Grade 3 and 6, we very much believe that it is the contribution of all staff who prepares our students for this assessment. We have a School Improvement and Equity Plan Team which meets to discuss our results and make plans for further improvements to teaching and learning to prepare our students.

Primary Assessment Grade 3	Our Lady of Lourdes CES	Last Year's Results	WCDSB	Province
